Momentum Investments is a full-service investment house offering clients more choice. Exceeding R325 billion assets under management it holds some of the country’s most respected investments players – Momentum Asset Management, Momentum Alternative Investments, Momentum Manager of Managers, Momentum Collective Investments, Momentum Investment Consulting, Momentum Global Investment Management, Momentum Properties, Momentum Wealth and Momentum Wealth International.

Momentum Collective Investments offers clients access to a range of unit trust funds across all major asset classes and varying risk profiles. The business unit is dedicated to consistency in investment performance and client service.

For more information on our collective investment funds, or for questions pertaining to today’s presentations/speakers, please feel free to contact our investment specialist team:
